Hello Barbara,

Here is a list of work at home activities conducted today, 7/30/2018:

- Review of 761.61(a)(4)(i)(A) in response to Margaret's interpretation of whether or not a site with a proposed use of open space would need any type of land use restriction if the proposed site-specific cleanup goal is 1ppm for total PCBs.
- Setup meeting with Karen Scheuermann to prepare the project cards for Greener Cleanups poster and other to do's to prep for the next Greener Cleanups meeting.
- Coordinated conference call with Mark Withrow with the Port of LA to discuss Wilmington site. Main priority will be to discuss the details of the proposed water line on the eastern part of the site.
- Participated in conference call with Ajit and Mark Duffy regarding GPRA.
- Worked on Aerojet Azusa RCC EI write-up.

Thanks,
Cynthia
